Notes

- 2: Requires Simulink
- 3: Requires Aerospace Toolbox
- 4: Requires Communications Toolbox
- 5: Requires Computer Vision Toolbox
- 6: Requires Control System Toolbox
- 8: Requires DSP System Toolbox
- 9: Requires Financial Toolbox
- 10: Requires Fixed-Point Designer
- 11: Requires Image Processing Toolbox
- 12: Requires MATLAB Coder
- 15: Requires Optimization Toolbox
- 20: Requires RF Toolbox
- 21: Requires Signal Processing Toolbox
- 26: Requires Statistics and Machine Learning Toolbox
- 27: Requires Symbolic Math Toolbox
- 30: Not available on Mac
- 31: Not available on Linux

Prices are per unit, listed in U.S. Dollars (USD), valid for program installation and use in the U.S. or Canada only, and are subject to change without notice.

Products are available on Windows®, Linux®, and macOS® unless otherwise indicated. For information on currently supported hardware and operating systems, visit mathworks.com/sysreq.

Polyspace® Product Family	
Polyspace Bug Finder ²⁹	550
Polyspace Code Prover ^{17, 29}	550

MATLAB Production Server™ ²⁹	
24 workers	672

MATLAB Parallel Server™ ²⁹	
Quantity Pricing (Annual Term)	
To compute the price, multiply the unit price by the number of workers. A MATLAB Parallel Server license purchase requires a minimum quantity of 16 workers. Prices listed below are for annual Term licenses. See mathworks.com/parallel-license to learn more about the license size required for your application.	
Worker Quantity	Unit Price
16-31	58.00
32-63	50.50
64-95	45.00
96-127	42.00
128-159	39.50
160-191	38.00
192-223	37.00
Worker Quantity	Unit Price
224-255	36.00
256-399	35.00
400-499	32.50
500-599	31.50
600-699	30.50
700-799	29.00
800+	Contact your sales representative for pricing

ThingSpeak™ ²⁹	
Access to the ThingSpeak service is sold in units/year under a prepaid annual Term license. Each unit provides 33 million messages. See thingspeak.com/prices to estimate the number of units/year required for your application.	
1 unit/year	275

page 3 of 5

Notes

17: Requires Polyspace Bug Finder

29: MATLAB not required

Prices are per unit, listed in U.S. Dollars (USD), valid for program installation and use in the U.S. or Canada only, and are subject to change without notice.

Products are available on Windows®, Linux®, and macOS® unless otherwise indicated. For information on currently supported hardware and operating systems, visit mathworks.com/sysreq.

QUANTITY PRICING

To compute price, multiply the unit price by the number of installations.

ACADEMIC USE LICENSES

Quantity	MATLAB	Simulink	Tier-1 ¹	Toolboxes ²
2-4	495	275	495	173
5-9	330	165	330	116
10-24	242	121	242	85
25-49	171	86	171	60
50-99	132	66	132	46
100+	99	50	99	35

CLASSROOM USE LICENSES

All Classroom license purchases require a minimum quantity of 10.

Quantity	MATLAB	Simulink	Tier-1 ¹	Toolboxes ²
10-24	55	55	55	19
25-49	39	39	39	14
50-99	30	30	30	11
100+	22	22	22	8

ORDERING INFORMATION**Pre-Payment**

Please include MathWorks quote number with all forms of pre-payment.

Bank Wire transfer information is as follows:

JPMorgan Bank N.A. London
25 Bank Street
Canary Wharf
London, UK E14 5JP

Swift Address: CHASGB2L

IBAN: GB63CHAS60924241388334

Account Name: MathWorks Limited

Account Number: 41388334

Please make checks payable to:

Citypoint
13-27 Prospect Hill
Galway
H91 P9KP
Ireland

Please provide card number, expiration date, and the full name as it appears on the charge.

Purchase order

Fax your purchase order printed on Company Letterhead to +353-91-43-5560, or mail it to:

Attn: Sales
Citypoint
13-27 Prospect Hill
Galway
H91 P9KP
Ireland

The following information is required with your order:

- Authorized approval for purchase (authorized signature, company letterhead, company stamp, purchase order number or any other references required by your purchase department)
- MathWorks quote number
- Total amount of order
- Delivery and invoice address
- MathWorks payment terms

Contact Information. All MathWorks licenses require an administrator to serve as the main source of communication for the license. If your order includes a new license, please provide the name, address, phone number, and e-mail for the contact who will be responsible for administering the license.

Money-Back Guarantee. If you are not completely satisfied with your purchase, call within 30 days for a full refund.

Notes

1. Tier 1 products are 5G Toolbox, Automated Driving Toolbox, Embedded Coder, Fixed-Point Designer, GPU Coder, HDL Coder, HDL Verifier, LTE HDL Toolbox, LTE Toolbox, MATLAB Coder, MATLAB Compiler, MATLAB Compiler SDK, Model-Based Calibration Toolbox, Polyspace Bug Finder, Polyspace Code Prover, Powertrain Blockset, SerDes Toolbox, SimBiology, Simscape Electrical, Simulink Check, Simulink Code Inspector, Simulink Coder, Simulink Coverage, Simulink Design Verifier, Simulink Desktop Real-Time, Simulink PLC Coder, Simulink Real-Time, Simulink Requirements, Simulink Test, Stateflow, Vehicle Dynamics Blockset, Vision HDL Toolbox, and WLAN Toolbox.
2. "Toolboxes" refers to remaining products. See previous pages for a complete listing of products.

Prices are per unit, listed in U.S. Dollars (USD), valid for program installation and use in the U.S. or Canada only, and are subject to change without notice.

Products are available on Windows®, Linux®, and macOS® unless otherwise indicated. For information on currently supported hardware and operating systems, visit mathworks.com/sysreq.

ACADEMIC LICENSING

MathWorks is pleased to offer MATLAB, Simulink, and other MathWorks products at reduced prices to degree-granting educational institutions. The use of products licensed to institutions at Academic license pricing is restricted to on-campus computing facilities that are used solely in support of classroom instruction and research activities of students, faculty, and staff.

Institutions cannot use the products for commercial purposes. Research and development divisions and centers of universities, government agencies, and other not-for-profit organizations do not qualify for Academic license pricing. MathWorks offers reduced prices to degree-granting educational institutions as a service and asks your help in ensuring that the practice is not abused.

LICENSING OPTIONS

Academic Use

Individual: The Individual license is intended for use by a single named user. The products can be activated on up to four different computers, provided that the products are only accessible to and used by that single named user. A named user may not use a program on more than two computers simultaneously.

Designated Computer: The Designated Computer license is intended for use on a single, designated computer, provided the products are operated from that computer's console by one licensed user at any given time.

Concurrent: The Concurrent license is intended for use by a specified number of concurrent users to run the product on any computer that is connected to a single network license manager. Installation of the products is limited to institution-owned computers or computers personally owned by faculty, research, and academic staff.

Classroom Use

Classroom licenses are restricted for use in on-campus teaching labs used solely for classroom instruction of students. Course instructors can use a copy of the software for course preparation only. Use of the products for any other purposes, such as research by faculty and staff, is not allowed. The Classroom licenses require a minimum quantity of 10 and offer a choice between two license options: Designated Computer or Concurrent.

Please contact your sales representative for enterprise-based license options.

LICENSE TERM

Annual licenses provide the right to use the software for a fixed duration, and MathWorks Software Maintenance Service is included in the license fee. To ensure uninterrupted service, you may renew your license prior to the conclusion of the license term. Otherwise, the license and Software Maintenance Service will expire at the end of the term period.

Perpetual licenses provide the right to use the software indefinitely, and the first year of MathWorks Software Maintenance Service is included in the initial purchase price. After the initial 12-month period, an annual fee is required to renew your Software Maintenance Service.

MATHWORKS SOFTWARE MAINTENANCE SERVICE

The first year of Software Maintenance Service is included with new product licenses. You can continue uninterrupted service in subsequent years by renewing your subscription annually.

MathWorks Software Maintenance Service includes:

- The latest updates to your MATLAB and Simulink products – with releases twice a year
- Worldwide technical support from specialized engineers
- Online offerings such as MATLAB Mobile™, MATLAB Online™, and MATLAB Drive™

Note

- An active subscription is required to purchase add-on products.
- If your subscription lapses, renewal at a later date will incur fees for the forward service period, any applicable back maintenance fees for the lapsed period, and a reinstatement fee of 25% of the annual cost of Software Maintenance Service.

For more information, see mathworks.com/maintenance.

INELIGIBLE PROGRAMS

Not all programs are eligible for deployment, compilation, distribution, or web access. See a list of ineligible programs at mathworks.com/ineligible_programs.

ADDITIONAL FEES

The fees for the license are determined based upon the country where all licensed user(s) are principally located. Additional fees may apply to a transfer of the license, or the principal location of any licensed user, to another country.
