**LETTER OF REFERENCE**  
**University of Southampton Postgraduate Program**

To Whom It May Concern:

This is a requested official Letter of Reference on behalf of **Ms. Mardhiyyah Rafrin, S.T.** (date of birth: September 21, 1990) to support her intention to continue her study in your university .

Ms. Mardhiyyah Rafrin has been admitted to the Informatic Engineering Study-Program since 2009 to pursue her first degree (*Sarjana Teknik*, S.T.) in the Department of Electrical Engineering, Hasanuddin University, Makassar INDONESIA, where I myself have been with since 1983. Ms. Mardhiyyah Rafrin was one of my best students. She had taken all of my classes in the field of Engineering Mathematics, Numerical Methods, System Modeling and Simulation. She graduated in 2013 with a GPA of **3.54** out of **4.00** - or with honor (*cum laude*) - which she really deserved.

Ms. Mardhiyyah Rafrin has recently sent me her academic transcript and curriculum vitae, showing me her excellent achievement both as a student and an alumnae. She won awards from several science and English speaking contests. She has been working as a private teacher since 2010 to help high school students in science and mathematics. She also works as a professional programmer developing some start-up software packages for web-site applications.

I am very proud of this young lady, and I am very happy to hear that she has received a scholarship to continue her study. I have been so thoroughly impressed by Ms. Mardhiyyah Rafrin's academic competence in her field, and that she has shown a great interest to study abroad, I strongly believe that she will complete her study program without any difficulty what so ever.

Should you wish to get any further information, please feel free to contact me, and I will be happy to respond to your inquiries.

With kindest regards,

Dr. Ir. H. Rhiza S. Sadjad, M.S.E.E.
