LETTER OF RECOMMENDATION

To Whom It May Concern:

Mr. Omar Saleem Addeeb, M.Eng. has asked that I prepare this official Letter of Recommendation to support his intention to apply for a doctoral degree program and scholarship.

Four years ago in 2015 Mr. Addeeb completed his Masters degree (*Magister Teknik*, M.T. or Master of Engineering) in the Department of Electrical Engineering, Hasanuddin University, INDONESIA, where I myself have been with since 1983. Mr. Adeeb took several of my classes in system modeling and control area. As I remember it, he always received fairly good grades for his test-results, examination and class-papers. He graduated with a cumulative GPA of **3.42** out of **4.00**, which is good. His masters thesis was on a computer engineering project related to a hardware design using an FPGA implementation board.

I admire Mr. Addeeb's spirit to work hard, his strong motivation to learn and his perseverance during his stay in Indonesia. I observed that he has no difficulty what so ever to work together with his colleagues, where in most cases he was – in fact - acting as their leader. I am happy to hear that he has planned to continue his study in a doctoral program of engineering or related area in your institution.

Should you wish to get any further information, please feel free to contact me, and I will be more than happy to respond to your inquiries.

With kindest regards,

Ir. H. Rhiza S. Sadjad, M.S.E.E.
