Ms. Muhaimin Hading has recently sent me her academic transcript and curriculum vitae, showing me her excellent achievement as a fresh graduate, both academically and socially. She has been involved in many extracurricular activities, especially those related to the field of study she is majoring at our department. She went abroad to Japan several times in many occasions.

I am very proud of this young lady, and I am very happy to hear that she has applied for an advance international research program in Machine Learning and Text Mining. The program will certainly enhance her experience both academically and professionally. I have been so thoroughly impressed by Ms. Muhaimin Hading's academic competence in her field, and that she showed a great interest to experience living in another country, I strongly believe that she will participate in the program without any difficulty what so ever.
