LETTER OF RECOMMENDATION

To Whom It May Concern:

Ms. Rizki Wahyuni Asikin, S.T. has asked that I prepare this official Letter of Recommendation to support her intention to continue her study to pursue a Masters Degree in Electrical and Computer Engineering, Information Technology or Computer Science in a university overseas or elsewhere. I do so with great enthusiasm.

About five years ago, Ms. Rizki Wahyuni Asikin completed her first degree (*Sarjana Teknik*, S.T.) in the Department of Electrical Engineering, Hasanuddin University, Makassar INDONESIA, where I myself have been with since 1983. Ms. Rizki Wahyuni Asikin was one of my best students. She took all of my classes, mostly in Electronics, Automatic Control and Linear Systems area. As I remember it, she always received relatively good grades for her test-results, examination and class-papers. She graduated with a cumulative GPA of **3.33** out of **4.00**, which she deserved.

Ms. Rizki Wahyuni Asikin has recently sent me her curriculum vitae, showing me her excellent career as an engineer in the only state-owned electrical power company in the country. She has been stationed at a branch far away from her home and family, indicating how well motivated she is to pursue a bright future in electrical engineering.

I am very proud of this young lady, and I am very happy to hear that she has planned to continue her education. This indicates how she values education highly and how she appreciates it as a career.

I have been so thoroughly impressed by Ms. Rizki Wahyuni Asikin's academic competence in her field, and that she showed a great interest in learning about the new technology in the area of Electrical and Computer Engineering as well as the Computer Science and Information Technology, I wholeheartedly recommend her for any opportunity to pursue a higher degree program in this area. I strongly believe that she will complete her continuing study program without any difficulty what so ever.

Should you wish to get any further information, please feel free to contact me, and I will be happy to respond to your inquiries.

With kindest regards,

H. Rhiza S. Sadjad, Ir., M.S.E.E., Ph.D.
